About Us

Microanalytik Instruments Private Limited is founded by a group of technical professionals in the beginning of 2015 in Mumbai. Our management team are pioneer in sales & servicing of XRF instruments, especially EDXRF based instruments that are used for analyzing Gold & other precious metals. Their engineering background and marketing experience has enabled us in becoming a trusted Manufacturer of Gold Testing Machine, Laser Welding Machine and Laser Marking Machine.

We are the first company which has introduced FAST SDD (FSDD) Goldstar Series XRF Instruments for Jewellery & analytical solutions in India. Clients who are constantly utilizing our XRF instruments are assay & hallmarking centers, jewelry manufacturers, gold testing centers (touch) and refinery plants. By working closely with the clients, our technical experts are able to design & develop customized XRF products as per their requirements. Currently, we are the one & only Supplier of Analytical X-ray Equipment having own in-house manufacturing facility of X-ray Instruments. We have introduced various products & latest technology in Indian market such as "GOLDSTARK" XRF which is used for Alloy Analysis, Karat Identification, Hazardous Metal or Powder Analysis, Elemental Analysis, Material & Coating Thickness Measurements and Laboratory & Quality Control applications.
